# RIDER INFORMATION BROCHURE

"Because nothing  
beats the feeling of  
a great ride followed  
by a cold one in  
great company."

# INTRODUCTION

## WHAT WE'RE ABOUT

Each of our brewery cycling events begins and ends at a different independent brewery — unique places that have long brought people together over a well-earned pint.

These are not races, but relaxed, sociable adventures through Britain's beautiful backroads, where the pace is steady, the company is friendly, and the scenery is second to none.

Our routes are carefully chosen to follow the roads less travelled, winding through rolling hills, sleepy villages, and countryside often missed by the main thoroughfares. Along the way, you'll reconnect with the landscape, the people around you, and the simple joy of riding a bike.

At the heart of it all is the brewery — not just a finish line, but a reminder of the social connection that these places have fostered for centuries. We're bringing a healthy, active twist to the traditional brewery visit, blending fresh air, physical movement, and a well-earned drink in a relaxed, communal setting. Come ride with us — for the stories, the scenery, and the shared sense of adventure.

## MEDICAL SUPPORT/COVER

There is a dedicated First Aider on the event. She will be vehicle based, mobile and out on the course and will be able to attend to any minor issues out on the course.

In the event of an incident on the route, for minor issues call the main event mobile numbers which are printed on the maps.

For more serious incidents call 999 immediately. It is essential that all riders carry a (charged) mobile phone during the ride for this eventuality.

If you see another participant who is struggling or needs assistance - please call for medical support.

## MECHANICAL SUPPORT

For more serious mechanical failures, there will be a broom wagon/mobile mechanic van that will be able to provide assistance. If a serious mechanical incident occurs, riders are advised to call the mechanical support and await assistance. Again, the numbers are printed on the reverse side of your map.

We cannot promise that all riders will be photographed.
