# RIDER INFORMATION BROCHURE

"Because nothing  
beats the feeling of  
a great ride followed  
by a cold one in  
great company."

# INTRODUCTION

## WHAT WE'RE ABOUT

Each of our brewery cycling events begins and ends at a different brewery — unique places that have long brought people together over a well-earned pint.

These are not races, but relaxed, sociable adventures through Britain's beautiful backroads, where the pace is steady, the company is friendly, and the scenery is second to none.

Our routes are carefully chosen to follow the roads less travelled, winding through rolling hills, sleepy villages, and countryside often missed by the main thoroughfares. Along the way, you'll reconnect with the landscape, the people around you, and the simple joy of riding a bike.

At the heart of it all is the brewery — not just a finish line, but a reminder of the social connection that these places have fostered for centuries. We're bringing a healthy, active twist to the traditional brewery visit, blending fresh air, physical movement, and a well-earned drink in a relaxed, communal setting. Come ride with us — for the stories, the scenery, and the shared sense of adventure.

# THE ESSENTIALS
